STANDARD FEE SCHEDULE

Corporate Record Repair, Systems Architecture, and Advisory Services

Effective November 1, 2026 | Revised November 14, 2026

How NSC Fees Work

Flat, written fees. Every engagement is quoted in writing before work begins, and a quoted fee does not change once the engagement starts.

Accuracy is the product. Fees reflect the time it takes to verify every record, cite every rule correctly, and deliver documents that stand up to a lender, a bank, a state agency, or an attorney's review.

Custom documents start at $300.00. Every governing document, resolution, and agreement is drafted for the client's state, ownership, and structure.

Administrative Fee. Each invoice carries the Administrative Fee in Section 8. The "With Admin Fee" column shows a service billed on its own invoice; combined services cost less because the fee caps at $250.00.

Attorney review. Services marked "Yes" are reviewed by NSC's attorney before delivery. Review is billed at the attorney's rate plus 10% and listed as its own line on every quote.

Government fees at cost. State, county, and federal fees, registered agent service, and other third-party costs are passed through at cost and listed separately.
